Subject: Appreciation letter for Voluntary Blood donation.

Respected Sir,

Thank you for taking out time from your busy schedule to become a valuable part of the small percentage of the world donors.

- Blood donation is the act of giving life. Your one hour spent in donating the blood is going to give life to someone in need. There's no doubt that the need is huge. However, the support of donors like you is helping us to make it possible to help the people in achieving a healthier, happier and fruitful life.

In spite of the various reasons, for donating blood and encouraging others to do it, there are only few who actually do it. Thanks for being a part of this group. Your act of noble kindness of volunteering blood donation will serve as an inspiration to other people.

Thank you once again.
